

Colourcrete

A revolutionary ready-to-use, pre-weighed solution for colouring concrete

Please narrow down selection to these 9 (and
reshapesize swatches as you see fit)

Please also include statement "Custom colours
are available at request." at the end of this
document.

This precision-manufactured admixture features stringently controlled properties, ensuring superior performance and stunning results. Colours shown below are a representation of Colourcrete in a typical concrete mix, using CEM1 and having an as-cast surface. The final colour output is affected by many differing factors and the above colours are approximate.
