

Colourcrete

A revolutionary ready-to-use, pre-weighed solution for colouring concrete

This precision-manufactured admixture features stringently controlled properties, ensuring superior performance and stunning results. Colours shown below are a representation of Colourcrete in a typical concrete mix, using CEM1 and having an as-cast surface. The final colour output is affected by many differing factors and the above colours are approximate.

Agate

Fernwood

Stanton Red

Cotswold

Stone Buff

Saddle

Raven Grey

Smokestone

Pewter

Custom colours are available at request.
