

Boreham White Gravel

Product guide

Heidelberg Materials Boreham White Gravel is a 10mm single-sized mixture of differently coloured natural gravel.

Applications

For use in driveways, paths, flower borders, ground cover and decorative features. This product is suitable for fishponds or aquariums. We recommend that this product is re-washed in clean, fresh water prior to use. Decorative aggregates are natural products and variations in size and colour may occur due to geographical and processing variables.
