

# Monmouth Green Chippings

## Product guide

**Heidelberg Materials Monmouth Green Chippings are a 6mm–14mm chloritized green granite. Ideal for footpaths, flower borders, ground cover, infill around ponds and plant pot topping.**

### Applications

This product is suitable for fishponds or aquariums. We recommend that this product is re-washed in clean, fresh water prior to use. Decorative aggregates are natural products and variations in size and colour may occur due to geographical and processing variables.

### Coverage

Depth	Maxipack	Bulk bag
25mm	0.8m <sup>2</sup>	30m <sup>2</sup>
50mm	0.4m <sup>2</sup>	15m <sup>2</sup>
100mm	0.2m <sup>2</sup>	7m <sup>2</sup>
